

# WELCOME!

JULY 13, 2020

Thank you for embarking in this fun yet NEW adventure with us. Most of what we've experienced in 2020 is the opposite of "normal". We welcomed in the new year but somehow forgot that 'new' can be accompanied with 'unexpected'. And, although I do not know what your day to day lives, situations, and choices look like, I am sure you are doing an amazing job of *figuring this all out*.

A great indication of this is that you signed up for this Virtual VBS. We know a major perk for both parents and VBS volunteers is for the parent to be able to drop of their little ones at church for a few hours. This year, we are bringing VBS to YOUR living room, backyard, or kitchen table. So, if you are still willing to do VBS, with this switched *venue* - KUDOS TO YOU for *focusing* on what's important.

## Just a few housekeeping items;

1. This is meant to be FUN. FOCUS allows us to show and teach about Jesus to our little ones - STRESS FREE. We've tried to make this as easy as possible for you.
2. For each day, a video lesson will be posted on our Woodlands Kids Facebook page and our Woodlands VBS website ([woodlands.cc/vbs](http://woodlands.cc/vbs)). There is no set time for you to watch the video or do the craft. Do both at your convenience!
3. **Every evening at 6pm**, we will have a Zoom call with all participants. It'll be our *virtual large group gathering*, We'll have games to play and prizes to win! And...there will be a POP QUIZ. The Zoom invitation will be emailed on a daily basis.
4. Check your email! :-)

Again, thank you again for registering for Virtual VBS. We fully expect and intend for children to know Jesus and welcome Him in their hearts. What a wonderful job and privilege you have to lead your children in this way. If you have any questions during this time, please let us know.

Our entire Woodlands Kids Ministry Team is praying for you and your families.

Now, let's take some time to *focus*.

Blessings upon blessings to you,

*Erika*

**ERIKA SNOW**

*CHILDREN'S MINISTRY DIRECTOR*
